ACCA Announces Finalists for 2009 Awards for Excellence.

The Air Conditioning Contractors of America (ACCA), the nationwide association of heating, ventilation, air conditioning and refrigeration (HVACR) contractors, has announced the finalists for the association's 2009 Awards for Excellence in Contracting.

"We received an unusually large number of nominations this year from some exceptionally professional companies," said Paul T. Stalknecht, ACCA President & CEO. "Our judging panel of past ACCA chairmen told us that this was by far the most difficult time they've ever had in selecting finalists because the caliber of entries was so high. Making it this far is a very high honor for each of the eight finalists in two categories."

The winners in each category will be announced at the 2009 ACCA Conference, held February 24-26, 2009 in Fort Worth. The finalists in the two categories are:

ACCA Award for Excellence in Residential Contracting

Air Conditioning by Jay (Scottsdale, Arizona)
Apollo Heating & Air Conditioning (Cincinnati, Ohio)
Frymire Services (Dallas, Texas)
Isaac Heating & Air Conditioning (Rochester, New York)

ACCA Award for Excellence in Commercial Contracting

A/C Technical Services (Castroville, Texas)
Harrington Engineering (Rocky Hill, Connecticut)
Newcomb & Company (Raleigh, North Carolina)
Peaden Air Conditioning, Heating & Plumbing (Panama City, Florida)

For more information about the ACCA Conference or the ACCA awards program, visit www.acca.org or call 703-824-8840.

For over forty years, ACCA has served the nationwide educational, policy, and technical interests of the small businesses who design, install, and maintain indoor environmental systems. For more information, visit www.acca.org.
